

Innovation & Entrepreneurship Outreach Program in Community - Entrepreneurial Carnival

Objective:

Some possible objectives for the event are:

- To expose students to various aspects of entrepreneurship and innovation through interactive stalls and activities
- To encourage students to showcase their creativity and problem-solving skills in a fun and engaging way.
- To inspire students to pursue their entrepreneurial dreams and aspirations by providing them hands on experience.

Benefits:

- They learned about the opportunities and challenges of entrepreneurship and innovation in the real world.
- They developed their communication, teamwork, and leadership skills by working with their peers and mentors.
- They gained confidence and motivation to pursue their passions and ideas by receiving feedback and support from the audience.

Description: The Department of Commerce (Commerce Lab) in collaboration with E-Cell, Rotaract Club of M. L. Dahanukar College of Commerce and PTVAIM's IIC organized an Innovation & Entrepreneurship Outreach Program in Community - Entrepreneurial Carnival on 20th November 2023 from 11:00 am to 4:00 PM at M. L. Dahanukar College of Commerce. There were 106 students attended the session.

It was a vibrant and lively event that showcased the creativity and entrepreneurial spirit of our fellow students. The carnival featured a wide array of stalls and activities that catered to everyone's interests. They gained valuable insights into various aspects such as marketing, finance, and customer relations. It's incredible how this event provided a hands-on learning experience for them, allowing them to develop practical skills that will be beneficial in their future entrepreneurial endeavors..

One of the standout stalls was the FY BBI stall, where they served refreshing sattu and lemon juice. It was the perfect drink to beat the heat and quench our thirst. Another popular stall was the clothes stall for girls, where we found trendy and fashionable outfits that were both stylish and affordable.

Food lovers were in for a treat at the carnival. The Wai Wai bhel and drink stall offered a unique twist on the classic street food, and the pani puri stall satisfied our cravings for tangy and flavorful snacks. For those looking for a taste of something sweet, the rose and chocolate stall was a delight. We indulged in delicious chocolates and beautiful rose bouquets.

The carnival also had stalls that offered entertainment and activities. The mehndi making stall attracted a crowd with its intricate and beautiful henna designs. We also enjoyed refreshing mojitos from the stall dedicated to this popular drink. The guess the music game challenged our knowledge of different genres and artists, and we had a blast competing with our friends.

The carnival didn't just focus on food and entertainment, but also showcased the talent and creativity of our fellow students. The jewelry stall displayed stunning pieces that were handmade and unique. We were amazed by the intricate craftsmanship and creativity of our peers.

One of the most exciting activities was the tower of glasses challenge. Using a ball, participants had to carefully drop it to create a tower of glasses. It required precision and concentration, and it was thrilling to see who could build the tallest tower. To top it all off, there was a card game stall where we could test our luck and strategy. It was a great opportunity to socialize and have fun with friends.

Overall, the Entrepreneurial Carnival was a resounding success. It brought together students from different backgrounds and interests, and showcased their entrepreneurial skills and creativity. It was a day filled with laughter, delicious food, and exciting activities.
