

PTVAIM's COEI Incubation Pitching Round.

Objectives:

- To evaluate the practicality and potential success of the presented business concepts, ranging from initial ideas to working prototypes.
- To evaluate viability and profitability of the business concept.

Benefits:

- Participants got an opportunity to receive feedback from industrial experts regarding the viability and profitability of their product or service.

Description: PTVAIM's COEI organised Incubation Pitching Round for Mr. Shreesh Bodas and Mr. Mandar Amrute on 7th November 2023 at PTVAIM's Centre of Entrepreneurship and Innovation from 3:00 PM to 5:00 PM.

Report on PTVAIM's COEI Incubation Pitching Round.

On November 7, 2023, PTVAIM's Centre of Entrepreneurship and Innovation (COEI) organised an Incubation Pitching Round, wherein two aspiring entrepreneurs, namely Mr. Shreesh Bodas and Mr. Mandar Amrute, presented their projects. Presiding over the event was the esteemed presence of the President of PTVA, Mr. Anil Ganu, who meticulously evaluated the pitches and imparted his invaluable feedback to the participants. The event garnered attendance from key figures including the COEI Incharge, Smt. Sukruta Pethe, and Mrs. Anajali Paulastye, both of whom contributed to the assessment process.

Following a thorough assessment, Mr. Ganu extended his approval for both Mr. Bodas and Mr. Amrute to join COEI as Incubatees, recognizing the potential and merit of their respective ventures. This endorsement not only signifies their acceptance into the COEI incubation program but also underscores the confidence placed in their entrepreneurial endeavours by PTVAIM's leadership. The occasion served as a pivotal moment for these aspiring entrepreneurs, marking the commencement of their journey within the COEI ecosystem, where they will receive guidance, support, and resources to nurture and develop their innovative projects.
