Sr. No.	Comments or Suggestions for improvement:
1	Exam dates should be disclose before a month.
2	FyMMS portion was completed late, no sufficient study leave for exam.
3	There should more practical approach while teaching.
4	Topics need to be covered and more exposure for industrial knowledge to be provided to students.
5	After complete the topic, send the PPT, which help to study
6	Please stop pressurising unnecessary, We need your guidance without fear
7	Little more pace to required to cover syllabus
8	It would be better provide the study materials in advance
9	Please cover the syllabus as much as possible , Take practices in the class, and give the exam timetable little early so that we can get prepare for that give study leave of alert 3-4 days
10	All faculties are knowledgeable enough to guide the students through the curriculum, the only problem faced by students was that some of the faculties were busy performing other tasks due to which they were unable to give their 100% attention on the students.
11	Study material and complete of syllabus should be completed on time
12	Each and everyone of them are good
13	Please use the easy language when teaching
14	shorter classes - 1hr, 3/4 classes per day, Monday to Friday 5 day weekly
15	All Faculty is good, there are some improvement by the giving all portion before a exams and all PPT also submit the students Asap. Not on a before exam days
16	Teaching portion was lacking at the End of 1st Sem
17	The faculties most share the ppts or study material before at least 1-2 months of sem exam.
18	Faculty is really good for subjects, totality and consistency of lectures should be improved in next sem.

19	All teaching staff is good & help the student if they have any difficulty
20	if syllabus is incomplete then teachers should not ask those question in exam, or the topics which were taught in hurry
21	The PPT should be send on group after the finishing the topic
22	Syllabus should have been completed before Exams., Little clarification of faculty expectation towards students, A skill development training apart from syllabus like Certificate courses.

Sr. No.	Comments or Suggestions for improvement:
1	Please coordinate with professor and tell them to provide notes on time, so student not face problems.
2	This semester was quite fast as per the teaching syllabus. Provide the notes on time Need to give more practical knowledge apart from syllabus.
3	Clear notes to be given for marketing subject as limited content was provided.
4	No of classes to be reduced, Duration of classes to be reduced.
5	Revision Session before Exams for all students
6	Faculties like Aparna Madam, Ajinkya Sir and Manali Ma'am are Much needed for second semester There are some faculties who didn't carry the topic fully
7	Faculty should teach in more depth and should use different techniques.
8	All faculties are well improved.
9	Faculties are not following the pattern of syllabus and showing the PPT's at the end of the year or before 1-2 days of exam, which becomes challenging in revision, please take steps.
10	As all teachers are not provided content on time, they provided all content before one week of exam. This is not fault at all as student has to preparation and they not provided all things

Comments or Suggestions for improvement:

1	Do not take Mid Term in such duration have little gap terms of hour.
2	Faculty should complete syllabus before going for a leave.
3	Please allow students to change their mentor, if they are not comfortable and based on their genuine reasons there are some faculty who does not give any required help for projects.
4	Please do not hire teachers who tell a class of finance students that financial decision should be made by a man as those decisions required dominance wife's can be asked their opinion to give then that "mann" but the final decision lies with the man.
5	Cover the syllabus before at least one week.

Sr. No.	Comments or Suggestions for improvement:
1	Provide good faculties for subjects like sales and Consumer behaviour.
2	Consumer behaviour as a subject and Marketing as a specialization requires dynamic and enthusiastic way of teaching reading ppts is not how it should be taught.
3	Faculties ability to course a certain subjects should be analysed before allotting the subjects
4	We need more practical examples and industry analysis. Clear roadmap for each semester prior exam and scheduled timetable for better mgmt.

Sr. No.	Comments or Suggestions for improvement:
1	We need better teaching faculty for accounts, Interactive class is expected
2	Teaching Style of Economics & Accounts were complicated & Difficult to Understand due to large portion, the speed of teaching was increase day by day but at the end there was difficult to understand and remember at that speed
3	Ruchi Madam is one of the best mentor to get suggestions
4	AT the time of examination nearby - don't rush for completing portion/ Syllabus. Do it before and early. Because near exam its very hard to complete the portion.
5	Farooq Sir gives best example while covering the topics
