Description: PTVAIM's COEI in collaboration with Garje Marathi Global organised an online guest session of Roadmap for aspiring young entrepreneurs and professionals on 27th November 2021. There were 65 participants including faculty and students of Sathaye college.

Report on Roadmap for aspiring young entrepreneurs and professionals.

On 27th November 2021, PTVAIM's COEI, in collaboration with Garje Marathi Global, organized an online guest session titled "Roadmap for Aspiring Young Entrepreneurs and Professionals." The event was designed with three primary objectives: to offer aspiring young entrepreneurs and professionals a clear career roadmap through expert insights and advice, to create opportunities for participants to network and collaborate with like-minded individuals and professionals, and to equip participants with essential entrepreneurial skills and knowledge for starting and growing their businesses or advancing their careers.

The session was well-received, attracting 65 participants, including faculty and students from Sathaye College. Attendees were provided with valuable insights into the entrepreneurial journey, highlighting key strategies and practical advice from industry experts. The event also facilitated meaningful networking opportunities, enabling participants to connect with peers and established professionals, fostering a community of support and collaboration.

Through interactive discussions, case studies, and expert-led presentations, participants were able to gain a deeper understanding of the challenges and opportunities in the entrepreneurial landscape. This initiative not only aimed to inspire and guide the young entrepreneurs and professionals but also to build a strong foundation for their future endeavours by equipping them with the necessary tools and knowledge to succeed.
