4.) Share your learning experience, by undergoing a live project in the area of Training and Development.

19 responses

I got extra and practical knowledge of many things

New experience to speak to the industry experts

Got to know various T and D techniques undergoing in banks

Got to learn how the hospitality industry works and what are the training practices that takes place in hospitality industry.

Its was the bestest experience where we got practical knowledge

Due to live project I come to know that whatever has taught to us, the organizations have applied in there training and development functions. The experience in organization was really good and also the learning was in various sectors the Training and Development differs

Due this project, I got to understand various methods used to train employees and how T & D gives a positive impact on employees performance.

It was a unique opportunity and helped us to explore the training and development scenario in hospitality sector.

Exposure to the corporate world.

It was very holistic experience it gave new ways to broaden perspective from the industry expert.

Great Exposure, earned many new techniques of T&D

It was very helpful to get a exposure to know the practical work in HR as a domain

Through training and development live project got the experience that how HR manager takes all the responsibility of the organisation to make sure that the employees of the organisation should be trained in their particular job domain and be professional enthusiastic towards their task and activities

Was able to understand different processes of training and development from different companies

Learn about actual training nad development program of the company

Very practical and useful

It was very good and helpful.It also help in future

The live project was a fun experience.

Engaging in a live Training and Development project provided a practical application of theoretical knowledge, refining my skills in designing effective learning modules.
