

**EVENT REPORT FOR WEBSITE AND SOCIAL MEDIA**

**Date: 20/12/2023**

**Guest Lecture of Finance Specialization**

**2023 - 2024 (Academic Year)**

**Type of Activity** : Seminar

**Duration** : 2.5 Hrs

**Date** : 20/12/2023

**External Invitees/  
Guests** : Mr. Jeetendar Peswani

**Objective** : The objective of this guest session on Fundamental Analysis was to equip students with the knowledge and skills needed to analyze financial investments.

**Content (7 lines paragraph describing the event)** : The guest speaker Mr. Jeetendar Peswani started the session with a discussion about Fundamental Analysis, its components and the need for analysing the company's intrinsic value. Mr. Peswani spoke about qualitative and quantitative analysis and the different factors to look for while analyzing a company. He indicated that quantitative analysis spans more than just analysing the company's financial statements and that it's important to understand the business model of a company and the competitive positioning that makes it a market leader in their respective sector. The session included an activity where students were called upon to analyze a company of their choice and explain their findings.

**Number of  
Participants** : 60

**Outcome** : The session resulted in students gaining a holistic view of Fundamental Analysis, including a comprehensive view of industry analysis. Students acquired insights into specific industries and companies through discussion and gained knowledge about some key factors to consider while doing fundamental analysis.
