Technology Track

Management Track

Report on: One-day National Conference on the theme: Leveraging technologies and management skills to improve economy during 'New Normal', in association with Navinchandra Mehta Institute of Technology & Development (NMITD) and the University of Mumbai on March 06, 2021

Parle Tilak Vidyalaya Association's **PTVA's Institute of Management** and Deccan Education Society's **Navinchandra Mehta Institute of Technology & Development (NMITD)**, in association with the **University of Mumbai** organized an online One-day National Conference on the theme: Leveraging technologies and management skills to improve economy during 'New Normal', in association with Navinchandra Mehta Institute of Technology & Development (NMITD) and the University of Mumbai on March 06, 2021.

Objective - All countries across globe are striving hard to pull economies out of COVID-19 induced recession. There is a need for extensive research for understanding impact of the crisis on people and businesses and to find effective solutions to these problems. The key areas under exploration here are Human Behaviour, Management skills and technologies. COVID-19 has questioned every successful management strategy and our personal and professional life. COVID 19 has forced all of us to embrace digitalization on an immediate & urgent basis and this shall accelerate several major trends that were already well underway before the pandemic. Hence, a research conference was initiated and research papers related to these issues were invited from academicians, industry delegates, research scholars and students.
