

Best Practices for the Academic Year 2022-23

Global Citizens Club:

The club instils universal values, ethics, and sustainable development, aligned with UN SDGs. It integrates these human values into the NEP, nurturing stakeholders as global citizens. Our Institute emphasizes value-based education integral to Vision and Mission; the club reinforces these values among students. GCC integrates universal values into education, aligning with UN SDGs, fostering global citizenship. The club organizes activities, showcasing commitment to global values. Success is evident in student participation in events like Quizipedia, reflecting dedication.

Ethical Practices in SIP Projects:

It aims to foster ethical practices among students, cultivating consistent integrity in SIP projects. Aligned with MU guidelines and the Institute's Vision and Mission, it focuses on instilling a research culture among students. Practice: The institute promotes ethical practices, urging integrity in SIP projects. Turnitin ensures academic honesty, preventing plagiarism, and ensuring authenticity in project development. Student project reports are annually converted into research papers in collaboration with faculty members. Motivating students for quality work, ensuring originality, closely monitoring their efforts for improvement are crucial for success.
